Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeons' knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely *free* if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

NATIONAL PURITY CONGRESS.

The forenoon session yesterday of the National Purity Congress in Battle Creek, Mich., was devoted to business and the reading of reports. That from the committee on education, read by Dr. Hattie Schwendener, of St. Joseph, Mich., the chairman criticised the National Educational Association for ignoring petitions to establish a committee to investigate the subject of inaugurating the teaching of sexual physiology in the public schools.

Dr. Schwendener said the teaching of the street and the playground in matters of sex and morality is universal, uncontrolable, incorrect and degrading, and the belief that it is possible to keep children in ignorance of these things until physical maturity is a fallacy. A large majority of young people, the doctor declared, who contract social diseases do so through ignorance of their danger, and much of the suffering of the world could be prevented by anticipating instruction in vice by teaching purity of thought, word and deed. To be effectual, she said, pure morals should be taught from the kindergarten to the university and should underlie and permeate all teachings in all branches.

Mrs. Albion Smith, of Hancock, Wis., gave an address on "Purity Instruction in the Home," in which she said that lack of home instruction is responsible for a large majority of the fallen women leading the lives that they do. "To one who has worked among them," she said, "it is very evident that it is ignorance instead of willful inclination which has led them into such a life."

Among educated mothers there exists, she said, some strange hesitancy to believe that their children need any warnings concerning personal purity, although every reputable physician knows that there are ruined girls where it is least expected. "Purity education should begin at the cradle. Better tell children the mystery of life a year too soon than a year too late."

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsia preparations and catartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—MRS. ROSA POTTS, Birmingham, Ala. These tablets are for sale by Gibson & Timberman and W. F. Creighton & Co.

AVERSE TO CONTINUANCE.

At the meeting of the State Commissioners' Association at the Jamestown Exposition last night, the representatives of the States of Maryland, Michigan, New York, Kentucky, Connecticut, New Hampshire, West Virginia and Louisiana voted unanimously against a continuation of the exposition another year, declaring that they did not consider it a good business proposition.

The meeting of the association had been called by the committee of three appointed for the purpose of reporting to the board of directors upon the advisability of continuing the fair through next year, but none of the members of the committee appeared to present views upon the subject. After waiting for more than an hour the members of the association discussed the matter themselves.

It was pointed out by several that, in view of the fact that they had expended their appropriations and that their legislatures would not meet this fall, they were helpless and could not go ahead, as there were no available funds. It was also pointed out that no fair, no matter how successful the first year, could be continued another season.

One of the bitter enemies of the reopening plan was Dr. W. C. Stubbs, of the Louisiana Commission, who said that Governor Blanchard, who had been a visitor at the Exposition this week, had been ignored and slighted by both Director General Martin and President Tucker, for not only did these two officials fail to first call upon the chief executive of Louisiana and extend to him a formal welcome to the Exposition, but they failed to return a formal call made upon them by the Governor. There were several other commissioners, including Col. J. C. Given, of Ohio, who declared that the management of the Exposition during the past summer had been such as to destroy any faith in future prospects.

HALLOWE'EN INCIDENTS.

Angered by Hallowe'en pranks of youngsters, John W. Trostle, who lives near Garrett, Md., is said to have procured a shotgun and fired it into the crowd seriously injuring two of the party.

Jarvis Willett, of Fox Lake, Wis., aged sixty, became enraged yesterday upon discovering that Hallowe'en merrymakers had carried off his wagon. He was seized with heart failure, and suddenly fell over unconscious. His death followed almost immediately.

David Bish is under arrest, charged with the death Thursday night, at Oakridge, near Brookville, Pa., of Newton Beddinger, seventeen years old, during Hallowe'en celebration. Bish is alleged to have fired into a crowd of boys who annoyed him. Beddinger's head was blown off.

Angered at being made the butt of Halloween pranks, Joseph Barbanero, an Italian boy, 14 years old, living in New York, Thursday night singled out one of his tormentors and shot him through the head. Barbanero threw away the revolver, disappeared, and has not been found. A group of boys living near the scene of the shooting played at marking each other up with chalk in the latter part of the afternoon. They pounced on Barbanero, marking as fast as their hands would work. Barbanero fought off his assailants and ran into the tenement where he lived. In a moment he came back with a revolver and shot Frank O. Reynolds, twelve years old.

SATURDAY EVENING, NOV. 2, 1907.

CARLIN, THORNTON AND CATON.

The election for Congressman, State Senator and member of the House of Delegates will take place on Tuesday next, when it will be the duty of every democratic voter in the district to go to the polls and cast his ballot. Mr. C. C. Carlin, a popular Alexandrian and equally as popular throughout the Eighth district, is the candidate for Congress; Mr. R. E. Thornton, a young and promising lawyer of Fairfax, is the choice of the democrats for State Senator from the district composed of Alexandria city and county and the counties of Fairfax and Prince William, while Mr. James R. Caton, who has so faithfully and satisfactorily represented Alexandria city and county in the House of Delegates during past years, is a candidate to succeed himself. The election of these gentlemen is, of course, assured, as the result of the democratic primaries is virtually an election. But, as may have been expected, there is opposition on the part of the republicans. This, however, is by no means serious, but is as the sideshow candidacy of an advocate of woman suffrage in a presidential election. But this fact should not be an excuse for any democrat to remain away from the polls on next Tuesday. Every member of the party should realize that it is his duty to add his shovelful in order to make the snow-under as effectual as possible. The gentlemen who have received the nominations have honestly won their spurs and they should have the undivided support to which they are entitled. Two of the candidates are native and to the manner born, known personally to nearly every one in the community, while the other, living so close to Alexandria and mingling so often with our people, enjoys an acquaintance probably exceeding that of many natives of the city. The fitness of these gentlemen for the positions to which they aspire has been acknowledged by a majority of the democratic voters, and they are entitled to and should receive the unanimous support of their party. We prefer to believe they will. The city democratic committee has left no stone unturned to bring about this desideratum. Now let every member of the party do his duty.

ACCORDING to the London Spectator "Roosevelt is the one man qualified to steer the American ship of state between the Sylla of capitalistic greed and the Charybdis of financial ruin. He should be kept at the helm though it becomes necessary to establish a life presidency. Roosevelt best unites the qualities necessary to rescue the people from the terrible injury of financial panic while striking down predatory wealth." The American republic has ever been an eyesore to European monarchies, it having been predicted by royalists that our free institutions were as a rope of sand, the weakness of which would sooner or later become apparent. The United States, however, has prospered notwithstanding their forcasts and prejudices. One of the foremost London journals now has the impertinence to renominate Theodore Roosevelt for president, not for four years, but for life. This would doubtless cause a disintegration of the American union quicker then anything else, which the Spectator doubtless knows and desires to see. A large percentage of the people of this country fail to see in Roosevelt a Moses. In fact it is the conviction of many that he is the cause of the present uncertainty in the financial world.

THE New York City Board of Estimate and Apportionment, at a special meeting Wednesday, approved the tax budget for 1908, with a total of $148,572,266, which is over $13,000,000 more than that of last year and double the budget of ten years ago. The cost of running municipalities is rapidly on the increase.

WITH all the banks resorting to clearing house certificates and money admittedly tight, food prices ought to suffer some abatement. If they don't fall soon says the New York Tribune the public will conclude that thelaw of supply and demand has been hypnotized by the meat, egg, milk and fruit trusts.

THE steel manufacturers in a secret meeting in Pittsburg on Thursday decided to revive the steel billet pool in order to keep up prices. Anti trust laws seem to have no terrors for the trusts—not for the big ones, at least.

Joseph Wardell, who was convicted of manslaughter in the first degree in aiding and abetting his wife to commit suicide, and who when he was arraigned for sentence at New York Thursday confessed that he had murdered his wife, was sentenced yesterday to not less than 18 years and 11 months, and not more than 19 years and 11 months. Judge Foster, in pronouncing sentence, said: "Whether you did or did not kill your wife I am not now to consider. But so vile and so perjured a wretch are you that no punishment which may be imposed upon you can be too severe."

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Nov. 2.

Broken down from hard physical and mental work, Midshipman L. C. Mueller second class, of La Crosse, Wis., and Midshipman F. J. Sexton, third class, of the Thirtieth New York congressional district, have been asked to resign from the naval academy. Each is now at his home, suffering from nervous prostration.

Compared with previous years but few men are going home from here to vote at next Tuesday's elections. Interest in politics seems to be on the wane and there is little talk here about the results of this "off-year" election.

James O'Connell, president of the International Association of Machinists, and a member of the executive board of the American Federation of Labor, who is regarded as one of the most conservative labor leaders of the country, has sent out circulars from this city instructing all locals unions to refrain from making demands for increases in wages or doing anything whatever that might tend to disturb business during the present unsettled financial condition of the country.

Representative Elect McGuire, of Oklahoma, said today that one of his first acts when congress opens will be to urge a law giving the Indians in Oklahoma the right to sell their lands. "How does Oklahoma feel toward the President?" he was asked. "The new State wants him renominated," was the reply.

It is reported here that Mr. C. B. Slemp, chairman of the Virginia republican committee has raised a considerable sum of money from republican office holders to pay the expenses of the election in his State next Tuesday, telling his victims that he needs the money to elect members of the legislature. It is intimated here, however, that the money will be spent in the special election for a congressman in Mr. Slemp's own district.

The volume of money in general circulation is becoming greater every day. The million and a quarter of additional circulation taken out yesterday under the recent appeal to national banks by the Comptroller of the Currency has already been swelled by over a million and a half. Telegrams and letters of inquiry, approximating 800 in number, have been received since the close of business yesterday.

Rev. Frank Bristol who is known as "President McKinley's pastor" and who has come out in opposition to Sunday base ball playing in the navy, called at the White House today. "God has only one day a week" said Dr. Bristol, "and there is no reason why the navy should not let him have it.

An attack, charging graft, is made on President Samuel Gompers and the executive board of American Federation of Labor in the current issue of "American Industries."

The President received a visit today from "Billy" Hefer, who was one of his guides when he made his trip into the Yellowstone Park in May, 1903. Mr. Hefer is in Washington for the purpose of securing a lease on the boat privilege on Yellowstone Park Lake.

The death penalty has been abolished in the South American republic of Uruguay by legislative enactment. A copy of the new law has been received by the State Department. It applies to both civil and military life.

THE FINANCIAL SITUATION.

Thousands employed in the industries of Pittsburg, earning over $1,000,000 a day, are to be paid off with checks in lieu of currency.

New York banks refuse to cash drafts from other cities, while other cities will not honor drafts from New York, resulting in a blockade in domestic exchange.

From 1½ to 3½ per cent. was charged in New York yesterday to cash certified checks.

An unprecedented demand for ready money was caused by $60,000,000 needed to pay November interests and dividends and meet monthly and weekly payrolls.

Banks are accepting the government's plan to increase circulation at the rate of $1,000,000 a day.

The Pennsylvania Railroad is making retrenchments and will not undertake improvements requiring new capital.

FORD-MAKELY WEDDING.

The Episcopal church here was the scene of a very pretty wedding Wednesday night, October 23rd, when Miss Martha Zell Makely became the bride of Mr. Charles Humphrey Ford. The bride was attended by Miss Katherine Makely, of Alexandria, as maid of honor, while Dr. W. E. Ford, brother of the groom, acted as best man. Mr. Frank L. Ford and Mr. Ellis Davis acted as ushers. Miss Beulah Adams presided at the organ and played "Lohengrin's" wedding march. After a delightful reception at the beautiful home of the bride, Mr. and Mrs. Ford departed for an extended tour through the South. The bride was the recipient of a great number of useful and valuable presents.—[Fairfax Herald.

The Pope Indisposed.

Paris, Nov. 2.—The Pope has had a severe attack of heart trouble, according to the Eclair's Rome correspondent. He has been compelled to take to his bed and cancel all appointments with correspondents. The illness is supposed to be an incident to the attack of gout from which the Pope was reported as suffering yesterday, perhaps aggravated by the shock of the news of his favorite nephew's assassination by a discharged workman in a northern Italy factory, of which the nephew was superintendent.

Professors Marchiafava and Pateggi have been called into consultation on the Pope's illness. They say the attack is one of rheumatic gout. They do not think the patient's heart action alarming.

Famine in India.

Simla, India, Nov. 2.—A more frightful famine than that of 1899, when over 1,000,000 people perished of starvation, seems a certainty in India this season. Crop failures have been practically complete. Predictions made on close personal investigation by government experts whose thorough work leaves no doubt of their accuracy foretells of the famine. Having exerted itself in vain to prevent a famine, the government is rushing relief expeditions. Work will begin within a fortnight on a scale more extensive than before in ten years. It is estimated that at least 45,000,000 people will be wholly dependent on the government. Relief was given to eleven million in 1899, at a cost of $75,000,000.

The Feast of All Saints was observed yesterday in St. Mary's Church. Today was observed as All Souls' Day.

News of the Day.

In a speech in New York last night, William Randolph Hearst said unequivocally that he had withdrawn from politics permanently.

Frank Mantell, of Providence, R. I., knocked out Honey Melody, of Boston, in the fifteenth round of their fight last night at Dayton, Ohio.

By affixing his signature to a legal paper in New York today, Justice McCall, placed approximately $12,000,000 in the hands of Gladys Vanderbilt, who is to marry Count Szechenyi.

Secretary of the Navy Metcalf has made public the amount the estimates will be necessary for the naval service for the fiscal year beginning July 1, 1908, as $125,031,399.80 For the present fiscal year the last Congress appropriated $100,303,602 93.

It is the current belief in New York that Raymond Hitchcock, the missing comedian, who suddenly disappeared on the eve of his threatened indictment for alleged wrong to young girls, has not left the country or even gone many miles from Broadway.

Fears are entertained that the bubonic plague has gained a slight foothold in Seattle through the diagnosis yesterday of the illness causing the death of Mrs. George Osborne as the dread disease. Three deaths in the family have occurred within two weeks.

The President and members of the Cabinet yesterday discussed the financial situation but although the President has received numerous letters urging the calling of an extra session of Congress to enact needed currency legislation there is no likelihood that this will be done.

The Fernwood breaker, three miles south of Pittston, Pa., was burned last night. The electric wires by which the premises were lighted were torn down. John E. Williams, colliery superintendent, and Tammany McNall, laborer, stepped on one of the wires and were electrocuted.

A band of burglars operated on an extensive scale in Lima, Ohio, and vicinity Thursday night by robbing jewelry stores. Reports from these towns show that the robberies were part of a general raid, executed so successfully that no clews were left to aid in trailing the burglars.

Theodore Kutisch, a Russian who killed a fellow-countryman at Statesboro, Bullock county, Ga., and was Thursday sentenced to the penitentiary for life, committed suicide in his cell yesterday. When sentenced he said he would rather die than to go to the penitentiary. He hanged himself with a cord taken from a hammock in his cell.

It is understood that one of the primary objects which induced President Oscar G. Murray, of the Baltimore and Ohio Railroad, to undertake the inspection trip of the system in which he is now engaged, was to learn from his own personal observation where and how operating expenses can be reduced. There is no secret about the fact that a more rigid economy is to be enforced throughout the system, but the way in which this can be best brought about has not yet been determined.

In a daring attempt to effect a general jail delivery at the State penitentiary at Rawlins, Wyo., yesterday, A. Eckhart, serving a life sentence for murder, shot and killed Ed Samuelson, day cell-house keeper. After murdering the guard, Eckhart, who had been provided with dynamite, made three ineffectual attempts to blow off the lock on the door leading to the main corridor, where the keys were kept. Then he killed himself. Three other convicts, who had been released from their cells made no attempt to get away.

Police headquarters in Buffalo burned yesterday afternoon. The fire is believed to have been of incendiary origin, yesterday's being the sixth fire in the building within a year. Fighting the fire from the four sides of the building for half an hour, the firemen apparently had the situation well in hand, when the cupola suddenly collapsed and fell into the interior of the building, crashing through to the third floor. Two companies of firemen were caught in the debris, eight men being badly injured. The financial loss is estimated at $100,000. The rogues' gallery, police records and other important documents, including the original copy of Leon Czolgosz's confession of the assassination of President McKinley, were destroyed.

Scandal of the Second Empire.

Paris, Nov. 2.—Details of a scandal of the Second Empire, centering around the third Napoleon's romantic love for Miss Howard, considered in her time the most beautiful woman in England, were revealed by a legal decision today, practically wiping out the remnant of the fortune bestowed by the Emperor on the Howard family. The case grew out of a demand by the General Insurance Company to recover $500,000 due on morigages given by the Howard heirs, and was concluded by a court order directing payment of the company's claims and division of the rent of the estate—there is but little of it—between the former Miss Howard's great grandson and two great granddaughters.

Louis Napoleon, afterward Napoleon III, met Miss Howard when he was a poor exile from France and she at the height of her fame as a beauty. It was with her aid that he financed his plans to re-establish himself in his native land, to which his benefactress returned with him as his morganic wife. When Napoleon married Eugenie de Montijo, Miss Howard threatened a scandal, but was placated by a payment of $1,250,000 from Napoleon, the rank of Countess de Beauregard for herself and the title of Count de Bechevet for her son. Since the Howards came into their fortune the money has gradually dissipated, however, until little more than enough remains to settle the indebtedness against it.

Suicide.

Philadelphia, Nov. 2.—Following the arrest of Adell Pott, on complaint of his wife, Julina Pott, 16, who had posed for the last two years as his wife, committed suicide here by drinking carbolic acid. Her body was found today by a detective who arrested Pott and had gone back to take charge of the girl.

Julina was a foster daughter of Pott who deserted his wife and two children in Newark for the girl. Mrs. Pott only recently discovered their whereabouts and then took steps to have her recreant arrested.

Virginia News.

Bishop and Mrs. Beverly Tucker have closed their cottage at Virginia Beach and gone to Lynchburg, where they will have their home in future.

Virginia is represented in the Social Economy Building, at the Jamestown Exposition, by the following exhibits: The Virginia School for the deaf and blind at Staunton and The Council of Jewish women at Richmond, Norfolk and Alexandria.

Judge Andrew K. Leake, a prominent jurist and an ex-lieutenant in the Confederate army, died yesterday afternoon in his summer home, at East Leake, Goochland county. Judge Leake was in his sixty-sixth year. He was chief engineer on Beauregard's staff during the war. At the time of his death Judge Leake was attorney for the Chesapeake and Ohio Railway Company in the counties of Goochland, Buckingham and Fluvanna.

GOVERNORS CONFER ON RATES.

As stated in the Gazette on that day Governors of three southern States held a conference at Atlanta yesterday on the general situation in the South regarding railroad passenger rates.

The executives at the conference were Governors Smith, of Georgia; Glenn, of North Carolina, and Comer of Alabama; W. B. Nesbit, railroad commissioner of Alabama; Judge S. D. Weakley and H. C. Belheimer, of Birmingham, the last two of special counsel for the State of Alabama, are also in attendance.

The conference was held behind closed doors at the executive mansion, and nothing was given out as to the specific nature of the discussion. It was known, however, that a compromise agreement on the passenger rates in these States would be taken up. It was said Governor Smith would propose a rate of 2 cents for 2,000-mile books, 2½ cents for 1,000-mile books and a flat rate of 2½ cents for everybody.

The Southern Railway, acting, it is understood, for practically all of the railroad interests of the South, has suggested a general compromise upon the basis of a flat rate of 2½ cents a mile. As this rate would result in an advance in passenger fares in Georgia, it is opposed by Governor Smith.

Atlanta, Ga., Nov. 2.—Representatives of the railroad companies doing business in Georgia, Alabama and North Carolina are far from satisfied by the statement from the governors of the three States that no injury will result to transportation companies from yesterday's conference here of the trio of executives.

Neither are the railroad men pleased by the governors' declaration that the latter "do not consider it desirable to make public the details of the conference at this time."

The railroad attorneys want to know at once what was done at the meeting. A session is being held here today of the companies' legal advisers from all three States and subsequent meetings are expected at the capitals of Alabama and North Carolina.

The situation will be gone over fully at these meetings, pressure brought to bear to find out what the governors propose to do and a campaign outlined to resist any action the transportation men may consider inimical to their interests.

If the governors had not been so secret about their conference the railroads probably would not have been so much worried. It is known, in a general way, that they plan co-operation in enforcing rate regulation laws in the three States. The conference began yesterday morning and lasted until late yesterday afternoon. When they adjourned they gave out a statement, signed by all three of the governors, which in part was:

"The conference has been most satisfactory. We arranged to co-operate in the investigation of facts and law connected with the duties of our States to the public and to transportation companies. We will co-operate with other States which have the same problems. No injury has been done to any corporation in either of our States by exercise of the power of regulation."

PEOPLE'S BANK OF PORTSMOUTH

As was stated in the Gazette, the People's Bank of Portsmouth, Va., with a capitalization of $50,000, owing to a heavy demand of depositors on Thursday and inability to realize needed cash on its assets, failed to open its doors yesterday. The bank is declared to be entirely solvent, and an effort is being made to raise sufficient cash for its reopening at an early date. The failure to open caused a large gathering of people upon the street in front of the doors.

The following statement was posted on the doors of the bank:

"At a meeting of the board of directors held Thursday, October 31, at 7:30 p. m., the following resolution was adopted:

"That, owing to the want of cash and acting with due regard to the interest of its depositors and other creditors, it is ordered that the doors of this bank be not opened tomorrow, pending an effort to arrange a reopening. But the bank, however, will be open daily during banking hours to receive payment of claims due the bank, and all debtors are urgently requested to pay promptly their notes according to the tenor of the same.'"

Franklin D. Gill is president and Alex. B. Butt cashier of the People's Bank, which is the youngest of the three banking institutions in Portsmouth.

The bank has $76,000 surplus, deposits of $408,000 and total resources of $590,000, according to its last report to the State Corporation Commission.

Closed Down.

Pittsburg, Pa., Nov. 2.—The Pittsburg Steel Foundry Company of Glassport, employing about 500 men, closed down this morning. One of the men said this action was due to the lack of orders. The foundry will resume shortly going on half time, it was said.

Six Tramps Burned to Death?

Wilmington, Del., Nov. 2.—The large barn of the Joseph Moore estate above Chester, Pa., on the Chester pike was destroyed by fire early today. Six tramps are said to have been burned to death and a search is now being made for the bodies.

Out of Sight.

"Out of sight, out of mind," in an old saying which applies with special force to sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles, too, and and chilblain disappear under its healing influence. Guaranteed by druggists. 25c.

Today's Telegraphic News.

The Proposed Strike of Railwayman.

London, Nov. 2.—Spurred by yesterday's order from the advisory committee of the railway employes' union that the executive board call a national strike, President Lloyd George of the Board of Trade is working desperately to secure a compromise before the executive body has time to act.

The necessity for calling the committeemen together involves some delay, and Lloyd George is making most of it. He has arranged for a conference Wednesday with the railroad directors and will immediately report its result to Richard Bell, member of Parliament and secretary of the Amalgamated Society of Railway Servants.

Both the railroads and the union have prepared for a desperate fight. The men propose to call the men out first on lines reaching the South Wales coal mining district, thus shutting off the nation's fuel supply. Then they will extend their campaign from one railroad to another.

The Midland Railway alone has already arranged for fifty strike breakers' camps along their lines. Each will accommodate 500 men.

Financiers say the country's business interests are threatened by the greatest catatrophe the world has ever witnessed.

Public sympathy is generally with the men, who demand more pay, shorter hours and union recognition.

Clarkson and Miss Maloney.

London, Nov. 2.—Except that Samuel Clarkson is in London following a short sojourn in Paris, not a single fact concerning the young Englishman's elopement with Helen Maloney has been revealed by the former's reappearance in the British metropolis. Clarkson denies his identity when attempts are made to interview him, but recognizes personal friends readily, though it is said he refuses to talk with them concerning Miss Maloney. He was not known to be here until several days after his arrival. In the meantime he had settled down in lodgings near Picadilly and spends most of his time at his club. Miss Maloney—or Mrs. Clarkson, if there was a marriage—is certainly not with him. Martin Maloney, the youngwoman's father, is still in Paris with another daughter and her husband. Dispatches from there say repeated efforts have been made to interview members of the party, but that all refuse to talk. So far as the public knows, Miss Maloney is not with them, either.

The Harden-Von Moltke Case.

Berlin, Nov. 2.—Editor Harden is glad that the state's attorney is going into the criminal court with Count Von Moltke's libel case against him. The matter was not settled, anyway, for Von Moltke had appealed. The criminal trial will dispose of the civil hearing in a higher court and give Harden a chance to present his testimony more fully than was possible before Justice Kern. Harden was glad of his vindication, of course, but he was not pleased when the justice said he had heard enough, stopped the taking of testimony and dismissed Von Moltke's case. It the criminal court the editor will have a chance to "take the lid clear off." This is just what he wants, as it will necessarily involve a delving into characters and conduct which he declares absolutely necessary to purify the German court and military and civil services.

Explosion of a Magazine.

Butler, Pa., Nov. 2.—By the explosion of the magazine of the Petroleum Torpedo Company near here at midnight, several persons were injured and property to the value of $25,000 was destroyed. The five hundred quarts of nitro glycerine in the magazine let go from some unknown cause, when no one was about the premises. The force was so terrific that the factory building of the company, 1,300 yards away, was blown to atoms, trees were mowed down, chimneys levelled and two barns and farm dwellings were partly wrecked. Within a radius of a mile and a half, windows were shattered.

Hindus Attacked.

Portland, Ore., Nov. 2.—A thorough investigation has been undertaken by the authorities of an affray occurring at Boring, a small town near here, Thursday night. In view of charges now made that what at first was considered merely a hallowe'en outbreak was in reality an assault planned with the purpose of assassinating three Hindus. An attack was made on a construction camp bunkhouse where the Hindus were sleeping. Several volleys were fired, one of the Hindus being fatally injured.

Fire in a Hotel.

Chicago, Nov. 2.—Fire broke out shortly before daybreak in the Plata Hotel, one of the most aristocratic family hotels in the north side. The flames started in a shed adjoining the rear of the eight-story hotel and communicated to the main building. Guests in their night clothing thronged the fire escapes, and Miss Corrine Meredith jumped to the pavement. Her leg was broken. Her mother, Mrs. Catherine Meredith, was ill in his room. Firemen rescued her.

Sealed Verdict.

Worchester, Mass., Nov. 2.—Frank Pippa, accussed of murder in the second degree in killing Charles Burnap last July at Lake Quinsigamond, will not know his fate until Monday. The jury which retired yesterday at 10:05 this morning handed the sheriff a sealed verdict which will not be opened until that time. Before sending the jury out Judge Pierce told them that he would accept no compromise.

Shot Wife and Attempted Suicide.

Cleveland, O., Nov. 2.—Her spinal cord severed by a bullet, Mrs. Sofia Sigemunt is today dying at a hospital, while her husband, under guard, is dying in another cot, with a bullet through his head. Frank Sigemunt shot his wife last night, then attempted suicide because she rejected a plea he had traveled thousands of miles to make.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggist. 50c and $1.00. Trial bottle free.

Negro Corespondent.

Bridgeport, Conn., Nov. 2.—Naming his negro coachman as co-respondent, Henry J. Lord, a wealthy Trumbull resident has brought suit for divorce against his beautiful wife, Augustine Lord. Lord says that since March 1, of the present year, his wife has been guilty of improper conduct with the coachman, Harry Cameron.

Mrs. Lord is an enthusiastic horsewoman and took a prominent part in the horse shows at the Greenfield Country Club fair. The couple have one daughter, who is six years of age. The husband asks the superior for a decree of divorce and the custody of the child.

To Stop Boxing Matches.

Indianapolis, Ind., Nov. 2.—That Governor Hanley contemplates executive action to stop boxing matches that have occurred recently throughout the State is made evident in a request he sent to Attorney General Bingham for an opinion of legal status and for a definition of the term. Attorney General Bingham holds boxing matches are prize fights and that they are contrary to Indiana law.

New York Stock Market.

New York, Nov. 2.—There was practically no speculation for outside account on the floor of the stock exchange, the board being a closed shop to margin traders. The professionals on the floor were buyers at the start, but liquidating orders appeared on a moderate scale and the closing out of loans again turned the market, forcing declines of 1 to 2 points in many of the more active stocks. Government bonds unchanged; other bonds irregular. The stock market closed irregular with the majority of stocks, however, showing moderate net losses.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 and $1.00. E. S. Leadbeater & Sons, Special Agents. 72

DEATH OF MRS. HARPER.

Mrs. Catharine I. Harper, widow of William W. Harper, who for many years was a prominent dry goods merchant of this city, died suddenly at her home, 218 south Washington street, shortly after 6 o'clock yesterday evening. Mrs. Harper was a native of this city. She was ninety-three years of age. The deceased was a Miss Fleming, and a sister of the late Andrew J. Fleming. She is survived by three children, Miss Margaret D. Harper and Frank S. Harper, of this city, and John Harper, of Natchez, Miss. Her health had been phenomenally good, considering her advanced age, and yesterday she gave no indications of approaching dissolution. About 6 o'clock she was in the parlor of her home and raised the window and engaged in conversation with some friends. She later seated herself in an arm chair where she expired in a few minutes. Mrs. Harper was one of the oldest members of the Second Presbyterian Church and throughout her long life she was earnest and consistent, enjoying the esteem of all who knew her. Until recently she had been a regular attendant upon all the services, and had mingled with three generations respected and beloved by all who knew her.

M. P. CHURCH NOTES.

Tomorrow will be Rally Day for all the departments of church work. A special service will be held in the Sunday school from 9:30 to 10:45, a feature of which will be an address by Mr. J. E Alexander, superintendent of the school of the M. E. Church South of this city.

From 2:30 to 3:30 in the afternoon will be the hour for holy communion and consecration service.

The services at 7:30 p. m. will be in the interest of Christian Endeavor work, and the address will be by Rev. P. O. Crouse, D. D., pastor of the Congress street M. P. Church, Washington, D. C., whose subject will be "The Two Essentials in C. E. Work.

The public is cordially invited to all the services.

FATAL FALL.

Tony Carponi, an Italian, about twenty-five years of age, while engaged in trimming trees at Mount Vernon yesterday, fell a distance of eighteen feet and sustained injuries that resulted in his death about 7:30 o'clock last night. Carponi was in the employ of a New Jersey contractor, and had been working at Mount Vernon about three days. No one seems to have witnessed the accident, but as soon as the injured man was discovered, Dr. Walter A. Warfield, of this city, was summoned by telephone. He repaired to Mount Vernon and upon an examination of Carponi found he had been injured internally. The remains were brought to the undertaking establishment of Mr. B. Wheatley, in this city. The dead man lived in Hartford, Conn., and his remains will be forwarded to that place.

CHARTERS GRANTED.

A charter was granted by the State Corporation Commission yesterday to the Blue Ridge Lumber Company, Alexandria; incorporators, Louis C. Barley, president, Alexandria; W. C. Waite, vice president, Culpeper; R. T. Green, secretary and treasurer, Culpeper. Capital stock, $1,000 to $15,000.

ACCIDENT TO A BRAKEMAN.

James M. O'Neil was caught between two freight cars in the Potomac yards yesterday afternoon and seriously injured. He was brought to the Alexandria Hospital, where he was attended by Dr. William M. Smith. O'Neil had recently been employed as a brakeman in the Potomac yards, and lived at St. Elmo. He is about 20 years old, and a native of Washington.

There were no cases for trial in the Court this morning.

DEATH OF ALBERT McCUEN

Albert McCuen, a well-known resident of the northeastern section of the city, was found dead at an early hour this morning in a small frame house at Fishtown. McCuen and a young man named Frank Williams were engaged in operating trot lines, and they had occupied the house which is generally used as a saloon during fishing season. McCuen and Williams entered the house last night and went to sleep. About 3 o'clock this morning Williams arose and upon calling McCuen and receiving no answer shook him. To his horror he found his partner was dead. Later Dr. Moore, the Coroner, was notified, but he deemed an inquest unnecessary, death having resulted from natural causes. The body was subsequently removed to Mr. B. Wheatley's undertaking establishment.

CHARGED WITH THEFT.

Constable Dove, of Fairfax county, yesterday arrested a youth named Raymond E Briscoe, son of Edgar Briscoe, of Washington, charged with entering a house in Fairfax county and taking therefrom a suit of clothes, a gun and $4. Briscoe was taken before Justice Payne, when the boy's father appeared and offered to reimburse the owner of the stolen property and pay all costs of the case provided his son was turned over to him, in which event he would place the boy in the National Junior Reform School at Annapolis Junction, Md. It is said that Briscoe also stole a goat, harness and wagon from the premises of John Curtin in this city on Thursday night. Briscoe was placed in the station house in this city.

Mr. Frank Lyon, who recently resigned management of the Monitor to accept appointment under the Interstate Commerce Commission as one of the seven special examiners recently provided for, left here on Friday for Enid, Okla., Oklahoma City, Okla, and other points where he will take testimony in twenty-three cases now pending before the Interstate Commerce Commission. —[Monitor.

MARRIAGE.

On the 4th day of April, 1884, in the City of Antwerp, a marriage was solemnized, the contracting parties being Morris Holmes and Gretchen Altenheim. They lived happily together for a short time, but eventually he grew tired of her, takes with him their only child and has her confined in an insane asylum. She escapes from the asylum, and goes to New Orleans. They come face to face in Col. Derrom's office. This will be pictured in the "Merry Cobbler," at the Opera House, Nov. 12 and 13.

TROUSERS OF RECENT ORIGIN.

The modern custom of wearing trousers was taken from the military dress introduced into the army by the Duke of Wellington during the Peninsular War, says the Tailor and Cutter. In early days these were known as Wellington trousers, after the duke.

When they were coming into general use at the commencement of the nineteenth century the religious world and the fashionable were most determined in their opposition. A clause in the original trust deed, dated 1820, of a Sheffield Nonconformist chapel, provided that "under no circumstance whatever shall any preacher be allowed to occupy the pulpit who wears trousers."

But this was not all. Some doubts were expressed in many quarters concerning the question whether a man could be religious and appear in trousers. One of the founders of the Primitive Methodist body remarked to a colleague in the ministry "that trousers-wearing, beer-drinking so-and-so will never get to heaven."

Father Reece, a famous Methodist minister, twice president of the Conference (born in 1765, died in 1850), could not be induced to adopt trousers, and among the Methodists was the last to follow popular fashion in this respect.

LINGERING COLD.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

SOCIALISTS DEFEATED.

Municipal elections were held yesterday in England and Wales. They were noteworthy for the almost general defeat of the socialists and other candidates of advanced views, and for equally pronounced triumph for the conservatives.

There were probably a thousand socialist and advanced labor candidates seeking election in the various constituencies, but only a mere handful were successful, their defeat in most instances being crushing. The strong organized opposition to the socialists was probably answerable for a large proportion of the conservative gains, which completely overwhelm those of the liberals and all other parties, but the results can also be taken as an indication of the continued dissatisfaction with the present liberal government.

Another feature of the campaign was that women were eligible for the first time to seek election to the municipal council. Seventeen entered the field, a majority of whom advocated an advanced programme. Only three were elected.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. Sold by E. S Leadbeater & Sons.
